EXCELLENT POWDER FEATURE

Outstanding anti-hygroscopicity and solubility

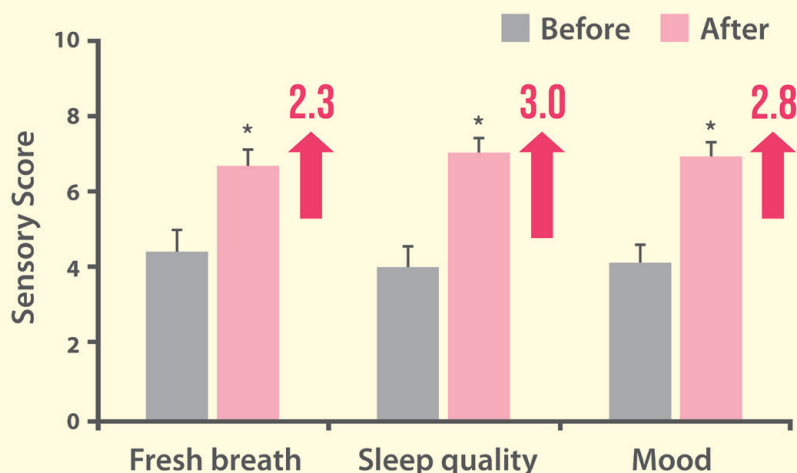

Prickly pear fruit is full of vitamins, minerals, polyphenols, and flavonoids that **support electrolyte balance, stimulate and scavenge free radicals after exercise or excessive water loss, treat inflammatory issues in the body, and lighten the burden on the liver.**

The production process of CactuSuperb™

CactuSuperb™ May Improve Symptoms Caused by Dryness and Internal Heat

20 subjects with the problems of dryness-heat consumed 10g CactuSuperb™ (dissolved in 80 ml water) daily. Subjects administered questionnaires about somatosensory before eating and 3 days after eating and observed the changes in tongue coating. According to the survey results, CactuSuperb™ improves the adverse symptoms caused by dryness-heat, which helps to improve the quality of life.

The Symptoms of Tongue Coating were Also Improved
